CNC Retrofit Kit

CNC retrofit kit, some call it CNC retrofit package as well.

The basic element normally includes:

- 1-CNC control system for lathe or milling machine or machining center 1 unit
- 2-AC servo motor & drive(2 sets for Lathe, 3 sets or 4 sets for milling machine or machining center)
- 3-Spindle motor & drive 1 set
- 4-Cables, English user manuals and software 1 set

CNC retrofit kit for Mazak M4 For example:

- 1-Turning CNC System 1 unit
- 2-AC servo motor and driver unit (Including motor+driver+cables+connectors) For X axis
2.3KW、 15Nm、 1500rpm、 9.5A 1 set
- 3-AC servo motor and driver unit (Including motor+driver+brake+cables+connectors) For Z axis
3.3kW、 22Nm、 1500rpm、 19A 1 set
- 4-AC servo spindle motor and driver(Including motor+driver+cables+connectors)
(15kW/18.5kW) Max 7000RPM 1 set

CNCmakers sales team provides:

- 1-Detail consultation before ordering.
- 2-Tech support during CNC installation.
- 3-Trouble shooting if there is any.
- 4-Perfect after sales service.

Tell us your machine model with original CNC control system, X, Y and Z axis motor sizes, Spindle motor sizes, we will suggest the most suitable CNC retrofit package, then make a quotation with freight cost for your consideration.
